Ages _____ Family Income (Low, Med, High) _____

%Race: Caucasian _____ Black/African/American _____ Other: _____

Do you serve Veterans? _____

How many people do you serve each month? _____

(More information may be requested at a later date.)

How do you think a working Facility Service Dog will improve your outcomes?

Facilities agree to allow Service Dogs Alabama to use photos (when possible) and success stories about working with a Facility Service Dog.

Service Dogs Alabama (SDA) requires that a Staff Member of the Facility be the Guardian for the Working Dog which means that the dog will live with them. We also recommend a secondary Guardian to also be trained with the dog. If the Guardian's employment ends at that Facility for any reason within a four year period after being named Guardian, the second Guardian will become primary Guardian and a secondary Guardian will be named and trained. After four working years, ownership of the therapeutic facility dog is given to the primary Guardian if the Guardian chooses. The dog will continue to work..

Will your facility OR the Guardian Staff Member be responsible for
◇ food ◇ grooming expenses ◇ flea and heartworm prevention ◇ medical needs? _____

Guardian Staff Member Information

Name of Guardian _____

Address _____

Tel. (Home, Work, Cell) _____
